Graded dried fish maw, exported direct from Bangladesh

Unidara Global Export Bangladesh is based in Agrabad, the commercial district of Chattogram, next to Bangladesh's main seaport. We buy fish maw close to the landing centres of the Bay of Bengal, process and grade every lot in our own warehouse, and ship with the export documents importers need.

Processing and quality control

1. Receiving and species check
2. Cleaning
3. Drying to the moisture limit
4. Grading A, B, C or Mixed by size, sex and colour
5. Dry, ventilated storage
6. Final QC, lot photos and video, labelled cartons

Documents with every shipment

- Commercial invoice and packing list
- Health certificate, Department of Fisheries (FIQC)
- Certificate of origin (EPB or chamber of commerce)
- Bill of lading or air waybill
- Lab test report on request

Size bands

SIZE	WEIGHT PER PIECE	PIECES PER KG
Small	up to 50 g	20 or more
Medium	50 to 150 g	about 7 to 20
Large	over 150 g	fewer than 7

Every SKU states species (with scientific name), grade, sex, size band, pieces per kg, moisture limit and packing. We never trade CITES listed or endangered species, or shark products.
